COMMENTARY

George Salinas talked about the Palo Alto Historical site he visited recently. He said it is located off the road to South Padre Island. There is a museum containing books, photographs, and a short movie about conditions and strategies that brought about problems between Mexico and the United States. The issues brought up at that time ended in the United States occupying Mexico.

George said his visit was most information and interesting and he would recommend a visit to the Palo Alto Historical site for all.

Percy Marchbanks talked about the j-pole he built, said it works fine.

George Salinas moved to adjourn the meeting at 6:45 p.m.

Respectfully submitted,

Carolyn Ross,

Secretary, TSARC, Inc.
